On behalf of the Community Medical Center Foundation and the members of our Robert H. Ogle Golf Invitational Committee, it is my pleasure to enclose a copy of this year's Program. These were also distributed to our event participants on September 21st, duly noting each of our Sponsors. Your sponsorship was also appropriately displayed during the Buffet Lunch and Dinner Reception or on the course during the day's activities at Hollywood Golf Club.

We are pleased to announce that although affected by the current economic climate, this year's event was a successful one for the Robert H. Ogle Endowment Fund. The generosity of our Invitational's Sponsors and participants continues to allow Community Medical Center to offer many important healthcare services and programs to the residents of Ocean County and neighboring communities.

Again, many thanks for your support of this important fundraising event.

Sincerely,

Richard J. Pallamary  
Vice President for Development
